Objectives

• Reviewing Subversion, Friday’s talk
• Design discussion – Assignment 10
• Project: Preliminary Implementation Demo

Friday’s Talk

Review: Subversion

• What is Subversion?
• What are some benefits of Subversion?
• Where is the code and its versions stored?
• Commands
  ➢ What is the command to get the latest version of the code?
  ➢ What is the command to make your version of the code public?
• Any issues with Subversion so far?
